Thank You for Making the 5th Annual San Diego Race for Autism a Success!!!

Please support our Sponsors!!

On behalf of everyone at the National Foundation for Autism Research (NFAR,) I would like to THANK YOU for your participation in this year's San Diego Race for Autism!

We are pleased to announce that the Race brought out more than 3,600 participants and 40 organizations at this year's Resource Fair!

The San Diego Race for Autism provides funding for community programs and the San Diego Autism Teacher's Fund. The funds are helping children with autism by creating and expanding programs, funding studies to improve treatment and assure efficacy of treatment programs, providing early identification and outreach to underserved populations and providing for the immediate needs of students with autism at the classroom level.

We couldn't do this without the help of our Teams, team captains, sponsors, volunteers and participants like you!

A special mention to our two largest teams - Team AVA with 110 members and Team Tobey from Murrieta with 108 members. Wow! We want to thank you for creating such impressive teams. But even more impressive is the show of support these families affected by autism are receiving from their families, friends, co-workers, teachers and their community. This really sums up what the San Diego Race for Autism is all about!

Thank you again.

Sharon Leon
Executive Director

Donations and Fundraising

We are still accepting donations towards the San Diego Race for

Race for Autism

Autism through April 10th.

All donations received by April 10th will count towards prize donation totals, from movie tickets to LEGOLAND and SeaWorld passes. Visit our [Prize page for full details](#).
